Whereas, the legislation enacted by the General Assembly on November 17, 2009 reading “that the Student Assembly allocate $300 to compensate Facilities Operation & Management for the cleaning of a microwave in Novack Café for the 2009-2010 academic year” cannot be enacted;

Whereas, the cost to hire a student to clean the microwave in Novack Café would be much less than Facilities Operation & Management’s best offer; and

Whereas, hiring an undergraduate member of the student body shows Student Assembly’s support for student workers; now therefore let the Legislation to Allocate Funds for the Cleaning of the Novack Microwave be:

Amended, that “Facilities Operation and Management” be changed to “a student chosen by the Student Services Committee.”
